We were born from a time where videogames were exclusive and expensive, which gave rise to the newspeak, a language created to talk about them without trying to understand the core concept of videogames. Videogames are now widely accessible, relatively affordable and have become an integral part of our society, some people even claiming they are a waste of time. We believe it is time to change the way people think about videogames, to make them reconsider their position, from a simple form of entertainment to a powerful tool. GUIDE With Key Download [Win/Mac]

Review Source: GamesRadar By "I honestly was expecting a good game in the vein of Bejeweled, but that isn't even close to what I got. The objective of the game is quite simple, to clear rows of connected blocks, and it's up to you to tap the blocks in the rows you find. Unfortunately the game gets much more challenging as you progress through the levels, and unfortunately, it doesn't get much easier either. Although it is a simple game, the blocks move at varying speeds and with varying angles, so you must be precise to clear the game's puzzles. It's hard to not use the A button to move the blocks, but the game requires you to use both A and B to move the blocks, and this can lead to frustration if you're not careful." Synopsis "Guide takes you through a series of bright and vibrant colored maze-like levels filled with clusters of blocks that need to be cleared to progress. As with any puzzle game, players need to figure out a pattern and strategy in order to clear out the blocks. The first level of Guide is relatively easy but gets increasingly more difficult as the game progresses, and players can purchase extra lives to continue on if they get stuck." Platform Windows PC Price \$7.99 \$11.99 Summary Guide is a fun puzzle game where players can play through a range of mazes using their thumbs and/or keyboard. This game may appeal to players who enjoy games like Bejeweled but want something with a bit more depth, but it should be noted that it's still considered a casual game by many gamers.
